Yes it is too late.

I only ask because we had a salary ordinance on the last meeting and they did not want to approve it until they knew the appropriation was there.

I have all the budgets entered but I can still change it. It hasn't been published yet.

I'll do that later. Isn't it too late to get additional on the next meeting?

If I'm thinking correctly I think we'll be okay in County General. PUF Fund will more than likely need additional.

Re: Funding Treatment Court and Substance Abuse Supportive Services through Opioid Abatement and Unrestricted Funds

Budget Proposal Narrative

Veterans Treatment Court of Southern Indiana

Incentives **\$10,000.00**

Incentives are at the core of behavior modification techniques and are outlined in many social theories including Classical and Operate Conditioning Theory, Social Exchange Theory, Motivational Theory, etc. This is often where treatment courts fall short due to a lack of funding treatment courts receive. As outlined in the Adult Drug Court Best Practice Standards Volume I, incentives are most effective in modifying behaviors when a treatment court can deliver incentives at a ratio greater than 4 incentives to 1 sanction.

Drug Testing **\$10,000.00**

As outlined in the Adult Drug Court Best Practice Standards Volume II, drug and alcohol monitoring are a requirement to effective treatment court practice. The State of Indiana requires problem-solving courts maintain best practice standards as it relates to drug and alcohol monitoring to receive state certification.
